RENI, Recommended Energy and Nutrient Intakes, 2002 edition; *No RDI; **From Amino Acids

*HMB, Arginine and Glutamine help build lean body mass and support tissue repair that may promote wound healing in conjunction with appropriate interventions.

* May, P.E., et. al. *Am J Surg*, 2002, 183, 471-479, Clark, R.H. et.al. *J. Parenter and Enteral Nutr*, 2000, 24, 133-139, Williams, J.Z. et.al. Annals of Surgery, 2002, 236(3), 369-375.

INGREDIENTS:

L-Arginine, L-Glutamine, Citric Acid, Sucrose, Calcium Beta-Hydroxy-Beta-Methylbutyrate, Natural Orange Flavor, Sucralose, Tribasic Calcium Phosphate, FD & C Yellow #6

Directions for preparation and use:

1. Mix contents of sachet with 250ml of cold water. Use as part of a complete balanced diet. JuvenAid™ should not be mixed with very hot liquid (>40°C).
2. Take 2 sachets of JuvenAid™ everyday.

Store below 30°C.

IMPORTANT NOTICE:

1. **Not to be used as a sole source of nutrition.**
2. **Not intended for use in children unless otherwise recommended by a physician or health care professional.**
3. **Not for parenteral use.**
4. **Not recommended for use in septic patients and those who have kidney problems.**
